

January 7, 8, 9 and 10, 2021

Full of Life Flatbread will be closed this weekend for staff to rest, rejuvenate, isolate and get test results back. We have all been very diligent in following CDC guidelines and protocols but we unfortunately had a team member test positive on New Years Eve.

The remainder of the staff began testing Sunday, January 3. Currently the plan is to reopen Thursday, January 14 for take-out and curbside service. This date may change based on what transpires over the next few days.

We have always put our team's, and our customers, safety as the highest priority; especially during this past year. A thorough deep clean was started yesterday and we look forward to welcoming you back just as soon as we can.

Stay safe out there!
Wear a mask!
Wash your hands!
Know that you are loved!
